STEELER LINE MW

Steeler Line MW is a recessed linear LED luminaire that provides a clean-line approach to general lighting. Available in standard lengths or in bespoke lengths in multiples of 200mm, Steeler Line MW can be used both to provide general uniform lighting and to create interesting arrays of light in the ceiling above. With four different colour temperatures to choose from and available in any RAL colour on request, Steeler Line MW is both a professional lighting tool and an interior feature.
